Re: The application of Sandy Creek Energy Associates LP for a new coal fired power plant- proposed air quality flexible State Permit NO. 70861 and PSD permit No. PSDTX 1039

Dear Ms Castanuela:

I'd like to request a public meeting as provided by Sec. 5.554. of the Water Code on the proposed new coal plant to allow citizens of my district and the rest of the area to have their questions answered and raise concerns about the impact of this plant.

Please let me know when and where the meeting will be held.

Thank you
